In response to the student loans crisis looming in America and as a community college student himself, Danny advocates going to a community or state college and doing the maximum number of classes is the best financial decision that can be made versus getting into \$100,000 of debt. Without needing bogus and expensive credit repair agencies, Danny will emphasize the most effective debt repayment plans and methods to save money on everyday purchases allowing for consumers to be debt free in months instead of years. Besides student loan debt, Danny expresses credit unions are the solution for consumers to effectively pay off any type of debt such as credit cards, auto loans, and mortgages. Being debt free will cause their insurance premiums to decrease and chances of better employment to increase in addition to living lives free of debt and stress. Saving for retirement and other financial goals will be a breeze.
