The Essence Of Worship, presents all believers with 7 principles they need to enhance their lifestyle of worship. It is a compilation of organized experiences and arranged materials for the Music, Worship and Arts department of every church. Nowadays, musicians and singers have tremendously excelled in musical skills. However, when it comes to worship, excellence does not go off the tangent in opposition to character. Worship is under attack if there are more skills than there is less character to show forth in the lives of those involved. There can never be more to practice, sing and dance about than there's to exemplify Christ in character. It is impossible to shed tears every Sunday in true worship without shedding off the old self. You can never worship the true God and remain the same, hence the Principle of Alteration which states : "You cannot offer your life on the altar without being altered." Now is the time to change positions from being a spectator, to a participator in worship through the Times of Assimilation compiled to practically engage you in worship.
