The Women in Transition (Wit) career group is an example of an adaptive leadership structure that is self-directed, collaborative and engaging. Whether an individual is actively looking for a job or not, the insights acquired from the journeys of the women who tell their stories will no doubt be thought provoking. Just as in the Wit group, it is hoped that readers will learn and benefit from the experience of others. In this way, the book further extends the reach of Wit with the hope that readers will act to continuously build and nourish their connections to assure a network that may be a lifelong benefit.
