## **The Keeper's Curse** Diana Harrison

After fifteen-year-old Emmy Rathers unintentionally summons a strange glowing cloud during a break-in, her mother rips her from her home, her father, and her world, forever.

When she lands in the rustic, militant land of Methelwood, she is told she's a crafter - a person who can perform magic by conjuring souls of the dead. But starting life over normally in the midst of grieving for the life she has left behind, while at the same time attempting to fit in in her new war-obsessed school, becomes impossible when she begins to hear a voice in her head. Is that normal for someone like her? Well, of course not. Complicating the matter further is the fact that the voice belongs to a boy at school named Breckin, who just also happens to be the most powerful crafter in the world, and the future ruler of Methelwood.

But that's not the worst part - suddenly Breckin's most hostile adversary is coming out of the shadows and trying to kill her. With no other choice, Emmy must travel deeper into this bizarre, dark world she is so unfamiliar with to find out why this is happening to her, and more importantly, how to stay alive.
