## **Modern Iran** Ali Ansari

Today's Iran is rarely out of the headlines. Labelled by George W Bush as a part of his 'axis of evil' and perceived as a real nuclear threat by some, Iran is increasingly seen as an enemy of the West. And yet for many Iran remains shrouded in mystery and incomprehensible to Western analysis.

*Modern Iran* offers a comprehensive analysis and explanation of political, social and economic developments in Iran during the 20th century. Since it first published in 2003 *Modern Iran* has become a staple for students and lecturers wishing to gain a clear understand of the history of this strategically important Middle Eastern Country.

The new edition will bring us up to date and will include: an analysis of the successes and failures of the Khatami Presidency; an examination of the effect of 9/11; the rise of the Reform Movement and the efforts to promote Islamic Democracy; the resistance to democratisation among the hardline elites.
