Engage and motivate your Level 3 Mathematical Studies students, and deliver the new specification with confidence. Authentic real-life examples and ready to use data sets from a range of contexts develop mathematical skills and understanding. This is an off-the-shelf teaching solution which includes a complete set of lesson plans and activities to engage and stimulate your Core Maths students. All resources are available on the CD-ROM as editable Word documents so you can tailor the lessons to your students needs. Clear practical guidance is offered on how to deliver the course for non-specialist teachers, and extra guidance on unfamiliar topics such as Fermi estimation. It closely matches the new AQA Mathematical Studies specification, with separate sections for compulsory units and optional pathways, and has a flexible scheme of work which gives ideas on timings and fitting Core Maths around other qualifications and subjects."
