This book states the facts to answer the questions: Is Islam a religion of peace or terror? Is Obama a Commander In-Chief or Commander In-Cheat? Is Obama leading or misleading? I wrote it for busy intelligent people with limited time to read. I used underlines and different fonts to make it easy to capture the important points. It **MUST BE READ CAREFULLY** by every one who wants to know the truth of the Jihad, and wants to protect humanity, life, freedoms, family, society, etc. I want to show the facts, inform the people and the decision makers about the truth, and explain the inexplicable atrocities of the Jihadists and their Islamic justifications. The book states the true teachings of Islam according to the original Islamic sources. I discussed Islamophobia and the effect of Islamic terror on it, and how the media and Moslems are misleading the world, and how Moslems give the strongest proofs to their deception. I showed that Islam considers any discussion of its facts are insults and slanders. I analyzed many of Obama's statements, actions, and inactions, showing their impacts (including his relationship with Islamists, not taking action to stop the slaughter of non-Moslems, Hillary's scandals and lies, the disaster of Benghazi, Bergdahl, Osama Bin Laden, and Syrian migrants crisis). I explained the Third World War, and tried to show how the Fourth World War should be fought. I am making this book an academic study, by stating the facts with some clarifications whenever possible. I avoided stating my opinion as much as I could, to leave every one to build his own opinion according to his standards.
