The Politics of Power: A Critical Introduction to American Government

Ira Katznelson, Mark Kesselman, Alan Draper

The Politics of Power: A Critical Introduction to American Government Ira Katznelson, Mark Kesselman, Alan Draper

THE POLITICS OF POWER provides a lively, comprehensive, critical perspective of the American political system by highlighting how political conflicts, institutions, and processes are influenced by deep inequalities generated by the country's political economy. Building on the coverage of all of the major topics typical of an American Government course the critical analysis in this text is based on the theme that American democracy is limited by fundamental inequalities in power and economic resources. Respected for its critical theme, THE POLITICS OF POWER also strives to be direct without being simplistic, engaging without being flippant, and critical without being cynical.
