"The things I want to know are in books." —**Abraham Lincoln**

In the United States, the people are the sovereign over their government. When a group of citizens study the principles and practices of their nation and its government, that is the first and most important step in the advancement of principles and the restoration of constitutional government.

This **Leader's Guide** is a companion to the bestselling book *We Still Hold These Truths*. It provides everything you need to take your group on a journey through history to discover what defines us as a nation and ask the thought-provoking questions to get our country back on track.
