Legion of Lazarus & Star Hunter Edmond Hamilton, Andre Norton

Armchair Fiction presents extra large paperback editions of classic science fiction double novels. The first novel, "Legion of Lazarus," is a grand sci-fi adventure by none other than Edmond Hamilton, author of "The Star Kings." There was a new way of executing criminals. No longer did they strap a condemned man into a chair and shoot a lethal electric charge through his body. No, this was the future. And being expelled from an air lock into deep space was the legal method of execution. But it was also the only way a man could qualify for..."The Legion." The second novel, "Star Hunter," written by Andre Norton, is an exciting depiction of an interplanetary safari. This was going to be a hunting party, but what were they really sent to find? Somewhere in that other world jungle...a man was planted.
