Gathered within these volumes are stories from across the globe, from across the genre spectrum, unified by the inspiration of song.

A lyricist has the immense challenge of capturing an entire story in a handful of verses. Some melodies convey a story without a single word.

What stories might have arisen if the lyricists and composers chose to share their stories in a different medium? Sit back, relax, and spend some time with an old friend, or find a new one.

Welcome to Song Stories.
