The Ghost with Trembling Wings: Science, Wishful Thinking and the Search for Lost Species

Scott Weidensaul

The Ghost with Trembling Wings: Science, Wishful Thinking and the Search for Lost Species Scott Weidensaul

"A thoughtful examination of the machinery of extinction . . . By turns harrowing and elegiac, thrilling and informative." ?Michiko Kakutani, *The New York Times*

Three or four times an hour, eighty or more times a day, a unique species of plant or animal vanishes forever. And yet, every so often one of these lost species resurfaces. "Having adventures most of us can only dream about" (*The Times-Picayune*), Scott Weidensaul pursues stories of loss and recovery, of endurance against the odds, and of surprising resurrections.
