A Guide to the Birds of the West Indies Herbert A. Raffaele, James Wiley, Orlando H. Garrido, Allan Keith, Janis I. Raffaele

This is the first comprehensive field guide to the birds of the West Indies to appear in more than fifty years. It covers all 564 bird species known to occur in the region (including migrants and infrequently occurring forms). Each species is represented by a full description that includes identification field marks, local names, status, habitat, voice, nesting, range, and comments about the bird. A map showing the bird's distribution accompanies each species account. Plumages of all species are depicted in eighty-six beautifully rendered color plates. Twelve of these plates feature individual endemics from each of twelve islands. Another seven plates feature the island endemics of the largest islands: Cuba, Hispaniola, Jamaica, and Puerto Rico.

Because the region is known for its extraordinary variety of avifauna and because no other accurate modern account of its birdlife exists, this book is a landmark publication that will be widely hailed by serious birders and amateur birdwatchers alike. The authors pay particular attention to endangered and threatened birds. For each island or island group, local experts have been invited to provide a survey of efforts made to date to conserve birds and their habitats. For many years there has been a need for an up-to-date field guide that could satisfy local residents, vacationing tourists, and "armchair travelers." At last, that need has been met with this fully illustrated *Guide to the Birds of the West Indies*.

From reader reviews:

Mark McCarver:

Reading a e-book can be one of a lot of exercise that everyone in the world enjoys. Do you like reading book thus. There are a lot of reasons why people fantastic. First reading a reserve will give you a lot of new data. When you read a guide you will get new information simply because book is one of numerous ways to share the information or maybe their idea. Second, studying a book will make anyone more imaginative. When you studying a book especially hype book the author will bring you to definitely imagine the story how the figures do it anything. Third, you may share your knowledge to other individuals. When you read this A Guide to the Birds of the West Indies, you could tells your family, friends along with soon about yours reserve. Your knowledge can inspire others, make them reading a e-book.

Michael Walker:

Precisely why? Because this A Guide to the Birds of the West Indies is an unordinary book that the inside of the reserve waiting for you to snap that but latter it will zap you with the secret that inside. Reading this book adjacent to it was fantastic author who have write the book in such incredible way makes the content on the inside easier to understand, entertaining method but still convey the meaning completely. So , it is good for you because of not hesitating having this ever again or you going to regret it. This excellent book will give you a lot of rewards than the other book have such as help improving your skill and your critical thinking method. So , still want to postpone having that book? If I were being you I will go to the e-book store hurriedly.

Andrew Nixon:

Your reading sixth sense will not betray an individual, why because this A Guide to the Birds of the West Indies reserve written by well-known writer who really knows well how to make book which can be understand by anyone who read the book. Written with good manner for you, still dripping wet every ideas and creating skill only for eliminate your own personal hunger then you still question A Guide to the Birds of the West Indies as good book not just by the cover but also by the content. This is one book that can break don't determine book by its cover, so do you still needing a different sixth sense to pick that!? Oh come on your examining sixth sense already told you so why you have to listening to yet another sixth sense.

Joshua Allen:

Reading a reserve make you to get more knowledge from that. You can take knowledge and information from the book. Book is published or printed or created from each source which filled update of news. With this modern era like now, many ways to get information are available for you actually. From media social such as newspaper, magazines, science reserve, encyclopedia, reference book, novel and comic. You can add your understanding by that book. Are you ready to spend your spare time to spread out your book? Or just in search of the A Guide to the Birds of the West Indies when you desired it?
