Fed by a media with few moral borders, our culture is now witnessing a tidal wave of gender role confusion: California calls for transgender bathrooms on campuses, activists clamor for federal laws supporting same-sex marriage, and TV audiences are transfixed by programs celebrating polygamy ...

It is against this backdrop of cultural distortions regarding sexuality that the Seventh-day Adventist Church must now address what could potentially be the greatest crisis of its 150-year history. Do we believe that role distinctions between men and women should be defined by an ever-changing culture around us ... or by the Word of God?

Answering this question is the vital purpose of *The Adventist Ordination Crisis: Biblical Authority or Cultural Conformity?*, the culmination of a careful two-year study of church leaders, including concerned pastors, professors, conference administrators, physicians, teachers, and lay leaders—men and women alike—from around the world who are dedicated to presenting biblical truth regarding this controversial topic.

This eye-opening study provides clear, calm, and concise answers for anyone considering this crucial question—while offering practical steps that will help ensure both the survival and revival of the Adventist Church. Get the Bible answers you need to make an informed decision!
