Welcome to our 2016 Mini Guides series. The purpose of these guides is to provide a simple training guide in a variety of KBB and Interior Designer or even Exterior Designer titles which extract the highly focussed information from our giant tomes that ran about 1000 pages and which would cost a lot more than you would wish to pay or we would wish to charge, With our compact mini guides you can acquire any of the titles at an extremely modest targeted sum. This is our 12th KBB Mini Guide covering the important subject of Bedroom Planning, Design and presentation. We are now publishing the mini guides in paperback colour and monochrome editions and kindle landscape edition. Many KBB professionals now work in all three essential disciplines of kitchens, bathrooms and bedrooms and in the wider market of extensions, en suites, closets, granny flat conversions and holiday home conversion. This nearly completes our essential KBB subject guides but there are still a few more KBB guides planned, The most important being KBB Survey Techniques providing the requirements for a diploma in the AKBB prof. series. If you wish to suggest a subject not yet in the mini guides feel free to contact us via our website - kbb2000.com.
