Frontier Justice: Weapons of Mass Destruction and the Bushwhacking of America Scott Ritter

Frontier Justice exposes the fraudulent manner in which President Bush and Company's new scheme of world domination has been sold to Congress and the American people, especially through the "Big Lie" about the threat posed by Iraq's weapons of mass destruction. A former Marine intelligence officer who served in the 1991 Gulf War and led U.N. weapons inspection efforts in Iraq until his resignation in 1998, Ritter dissects this myth and reveals how Bush carried out the international equivalent of a west Texas lynch mob, forcing his own brand of frontier justice in the Middle East.
