The Power of Logic C. Layman

This introductory level text carries the conviction that logic is the most important course that college students take. *The Power of Logic* provides balanced coverage of informal logic, traditional categorical logic, and modern symbolic logic, while its companion online supplement, *Logic Tutor*, offers a wealth of applications for the concepts discussed. Layman's direct and accessible writing style, along with his plentiful examples and imaginative exercises, make this the best text for today's logic classes.
