Are you trying to figure out the best approach for teaching your child to read? Are you frustrated with the traditional teaching methods that favor complexity over simplicity and common sense? Does an easier alternative exist? Yes! Contrary to what you may believe, teaching your child to read doesn't have to be difficult.

If your child already knows his ABC's, 10 minutes a day and a copy of Green Eggs and Ham is all you need. I developed the methods written in this book and it worked wonders for my son. I believe it will work wonders for your child as well.

The fun and exciting part is how your child won't even know he's able to read Green Eggs and ham until you sit him down and he successfully reads the entire book on his very first try! If that sounds crazy, I'll explain why it's not only feasible, but easy to do.
