Society of Sin Matthew Sexton

This is the first book about the 'society' where BDSM is a way of life. Sexually explicit but fascinating to read this book tells the story of a relationship between an older experienced man and a young girl who is sold to him as a slave. Set in modern day the book affords the reader a first hand account of the young girl's journey into love and total obedience to the master who loves her against the backdrop of a society of like minded people in need of a new direction.
