## **Picture War - Part 1** David Vaccaro

This book is being made available on the internet for the 69th anniversary of D-Day 2013. It is not complete, it goes up until the beginning of the Normandy campaign. The war continues in other chapters 7-10, and then the story of my father's life continues where he photographs the famous people and tells interesting tales, which he is famous for. This is the full tale of who Tony Vaccaro was, when he was a little boy, till he was baptized by fire in Normandy, France.

There are photographs that go along with the books, even the famous creative people books have photos too. I hope to eventually publish real photobiographies of my father with the images we possess. If there is enough interest in this E-book, then I will consider releasing the images of the front line no one other than my father has of Europe in the Second World War. AKG in Germany sells the photos. I spent 14 years writing this book, and also have other books, as well, on myself, and a massive poetry volume called "AS IS".

There are very many documentaries on Tony Vaccaro, maybe 30 or more somewhere out there if you like the greatest living photographer's tale.
