Seriously, Just Go to Sleep Adam Mansbach

Seriously, Just Go to Sleep is the G-rated, traditional-sized, children's version of the book every parent has been talking about. *Go the F*** to Sleep*, the picture book for adults, became a cultural sensation by striking a universal chord for parents. Now, Adam Mansbach and Ricardo Cortes reunite with *Seriously, Just Go to Sleep*, inviting the children themselves in on the joke. As parents know, kids are well aware of how difficult they can be at bedtime. With Mansbach's new child-appropriate narrative, the book allows kids to recognize their tactics, giggle at their own mischievousness, and empathize with their parents' struggles - a perspective most children's books don't capture. Most importantly, it provides a common ground for children and their parents to talk about one of the most stressful aspects of parenting.

Seriously, Just Go to Sleep came to be when Mansbach read a highly censored rendition of the original book to his three-year-old daughter, and she recognized herself as the culprit and was delighted. "We were getting a lot of feedback from parents, saying that their kids loved the book - read in an altered form - because they recognized themselves in the character of the mischievous kid who's winning the bedtime battle, and thought it was hilarious. So we figured we'd do a companion volume that lets kids in on the fun."
