## **Shadows (Black Raven Book 1)** Stella Barcelona

“[A] smart techno-thriller with a steamy and surprisingly touching love story between two characters who are both torn between duty and desire. The stakes are high throughout, but the sacrifices that the hero and the heroine have made for what they feel is right makes their relationship that much more meaningful and offers a safe haven in the midst of a tangled, dangerous and well-plotted escapade.” – Romantic Times Book Reviews

Cataclysm. Now. Run.

A cryptic, urgent text message turns the peaceful life Skye Barrows has created for herself and her sister into chaos. She must follow her father’s instructions to the letter, but Sebastian Connelly is blocking her way. Telling Sebastian what she must do is not an option.

What He Doesn’t Know Will Get Them All Killed

When a prison break in the midst of a security system upgrade threatens to destroy the reputation of Sebastian’s company, Black Raven Private Security Contractors, he goes on the hunt for escaped prisoner Richard Barrows – a delusional and paranoid computer software genius.

Sebastian’s mission: find Richard Barrows and return him to prison, but stonewalled by Skye, who refuses to give him answers, and with the added complication of her special needs sister, Sebastian finds himself always a step or two behind vicious killers.

Nothing About This Case is Normal

For Sebastian, it should be simple, but this case will test him in ways he never imagined. As probing interrogation becomes urgent protection, the search for Barrows forces Sebastian and Skye into a murky world of shadows and illusions.
