Heads Above Water is the story of our first couple of years as expats in France. And yes, there are lots of books about living in France out there already. But a lot of these are the short-term adventures of single people or retired couples or tourists. Moving abroad for good with a family, and without a pension, is a whole new ball game. That's what makes Heads Above Water different. It's about us, a family with three children, who stick the hardships out and make things start to work. It's about actually making a living in a new country. It's realistic, honest and gritty – but also fun, lively and very entertaining, and, I hope, ultimately inspiring.
