The Billionaire's Snow Date Mia Caldwell

Fresh from college and already having landed her dream job at City & Sky, sexy but sweet Jamaicka Grant can't believe that she's the one to get tapped to go on assignment halfway around the globe to photograph the idyllic and world-class Glacier Bluff Hotel tucked away in the Scandinavian Alps. It's a gig that others would die for, but that's exactly what she's afraid of. She's going to get out there in the snow and ice, and she's going to die! Accident prone even walking down the street, she's willing to risk it to keep her job. And that is what's on the line - her job!

Handsome stranger to the rescue.

Worth billions, Kynon Morrison is one of the world's richest bachelors - and one of the busiest. He alone among his siblings is determined to continue the legacy of overseeing the empire of world-class resorts built up by his family. But spreadsheets, numbers, and meetings can tell Kynon only so much about how the resorts, found in the most beautiful and sometimes dangerous locations around the world, are doing.

That's why he's going on holiday - undercover - at Glacier Bluff Hotel. As a paying guest, he'll be able to experience a stay at the premiere ski resort in the same way any person would, and then he'll be able to make any changes needed as the boss.

And as the boss, he really wants to know why some inexperienced slope bunny is on the lift heading straight toward their most dangerous ski trail. Before he can intervene, she takes a tumble that has him going head over heels - for her.

To help her save her job, he puts his own on hold and goes from undercover boss to undercover billionaire as he turns his own life upside down to become everything she needs, right when she needs it.
