## **The True and the Evident (Routledge Revivals) (Volume 11)** Franz Brentano

First published in English in 1966, *The True and The Evident* is a translation of Franz Brentano's posthumous *Wahrheit und Evidenz*, edited by Oskar Kraus. The book includes Brentano's influential lecture "On the Concept of Truth", read before the Vienna Philosophical Society, a variety of essays, drawn from the immense wealth of Brentano's unpublished material, and letters written by him to Marty, Kraus Hillebrand, and Husserl.

Brentano rejects the familiar versions of the "correspondence theory of truth" and proposes to define the true in terms of the evident. In criticising the metaphysical assumptions presupposed by the correspondence theory, he sets forth a conception of language and reality that has subsequently become known as "reism".
