"Very nice, relax, I know it is large, but you have been a very naughty girl and you need the punishment. It will be quite uncomfortable when I crank it open inside you."

Tabitha has been severely neglecting her husband's needs while selfishly making sure her own are completely fulfilled. When her tall, dark Italian husband finds her tending to herself after rebuffing his advances, Jack's cold stare sends a icy knife into her heart.

She is summoned to Doctor Emory's Special Clinic for what the spoiled Tabitha thinks will be a typical session of useless marital counseling. When she arrives, it is much more wicked than she ever dreamed. Doctor Emory's unearthly green eyes and sculpted face draw her in, and he proceeds with his deepest and darkest examination. Probing and pressing -- inserting every tool he has. Then, finally, he injects the final stage of the treatment into her body. She begins to understand how pleasurable -- and painful -- the Doctor's exotic treatments can be.

With Jack looking on, both men watch as the heated soapy water courses through the tube, then they complete Tabitha's examination with their own probing instruments as she must hold on to what fills her. Tabitha loves every minute and loses herself in the dangerous pleasures of the clinic.

This 10,000 word HOT erotic novella contains explicit dark scenes of submission, enema punishment and humiliation, BDSM, medical play, spanking, and sex. It is intended for mature readers. All characters are over 18.
