A spiritual manifesto by one of the world's most popular Christian writers Shows how the Psalms can help us to connect and commune with God in the way that Jesus did Makes a passionate case for putting the Psalms back at the centre of Christian prayer and worship From the Introduction: 'I have decided, as a kind of thought-experiment, to order the material in three sections. The Psalms invite their singers, as they always have, to live at the crossroads of time, space and matter. This book explores what happens at this crossing-point.'
