No Bigotry Allowed: Losing the Spirit of Fear: Towards the Conversation about Race Ronald Bonner
In the United States, our racial problems are interlaced, and unless unraveled, we may spend time applying a great solution to the wrong problem. One of those problems is the conflation of racism and white supremacy as being the same thing; they are not the same thing. White supremacy is the notion, belief, or ideology that white people are innately superior to people of color. Racism is the power dynamic and construct that allows white supremacy to remain intact. At the heart of white supremacy and racism lies bigotry. Bigotry is more than prejudice; it is hate-filled prejudice and is the fuel that keeps the economic engine that is racism going. The starting point for white supremacy and racism is bigotry. When we address bigotry, a disease of the heart that is at the core of these problems, we will move the needle forward for resolving racial issues in America and the world. The book *No Bigotry Allowed: Losing the Spirit of Fear* is designed to do just that.
