**The Diseasing of America's Children: Exposing the ADHD Fiasco and Empowering Parents to Take Back Control** Dr. John Rosemond, Bose Ravenel

**How parents, teachers, and even professionals are being deceived by the "ADHD Establishment" regarding ADHD and other childhood behavior disorders and the drugs used to treat them.**

The issue of diagnosing children with behavioral diseases that do not conform to a scientific definition of disease, and then medicating them is a scandal ready to erupt. In *The Diseasing of America's Children*, popular family psychologist, speaker, and best-selling author John Rosemond joins with pediatrician Dr. Bose Ravenel to uncover the fiction and fallacy behind attention-deficit/hyperactivity disorder (ADHD), oppositional defiant disorder (ODD), early-onset bipolar disorder (EOBD), and the drugs prescribed to treat them. Rosemond and Ravenel will:

- reveal the pseudo-science behind these diagnoses
- explain how parents, teachers, and even professionals are deceived
- expose the short- and long-term dangers behavioral drugs pose to children
- discuss how America's schools are unwittingly feeding the diagnostic beast
- reveal the simple, common sense truth behind these behavior problems
- and give parents a practical program for curing these problems without drugs or dependence on professionals
