Traditional Logic I, Key Martin Cothran

A logic course for all ages, but designed for use as young as 7th grade, *Traditional Logic* is an in-depth study of the classical syllogism. Along with a basic understanding of the Christian theory of knowledge, the text presents the four kinds of logical statements, the four ways propositions can be opposed, the three ways in which they can be equivalent, and the seven rules for the validity of syllogisms. This comprehensive but easy to use course can be used as either a one-semester or one-year course.
